MERCHANTS' PROTECTIVE UNION.
MERCANTILE REFERENCE REGISTER.

The Merchants' Protective Union, organized to promote and protect trade, by enabling its subscribers to obtain facilities and safety in granting of credits, and the recovery of claims at all points, have to announce that they will, on or about September 1st, 1888, publish in one large quarto volume, the **MERCHANTS' PROTECTIVE UNION MERCANTILE REFERENCE REGISTER**, containing, among other things, the Names, Nature of Business, Amount of Capital, Financial Standing, and Rating as to Credit, of over 400,000 of the principal merchants, traders, bankers, manufacturers, and public companies, in more than 30,000 of the cities, towns, villages, and settlements, throughout the United States, their territories, and the British Provinces of North America; and embracing the most important information attainable, and necessary to enable the merchant to ascertain at a glance, the Capital, Character, and Degree of Credit of such of his customers as are deemed worthy of any gradation of credit.

The reports and information to be given in the Register will be confined to those deemed worthy of some line of credit; and as the same will be based, so far as practicable, upon the written statements of the parties themselves, verified and corrected by well-known and reliable legal correspondents, whose character will prove a guarantee of the correctness of the information furnished by them, it is believed that the reports will prove more truthful and complete, and, therefore, superior to, and of much greater value, than any previously issued.

By aid of the Merchants' Protective Union Mercantile Reference Register, business men will be enabled to ascertain, at a glance, the capital and gradation of credit, as compared with financial worth, of nearly every merchant, manufacturer, trader, and banker within the above named territorial limits.

On or about the first of each month, subscribers also will receive the Monthly Chronicle, containing, among other things, a record of such important changes in the name and condition of firms, throughout the country, as may occur subsequent to the publication of each half-yearly volume of the Mercantile Reference Register.

Price of the Merchants' Union Mercantile Reference Register, fifty dollars, (\$50), which it will be forwarded to any address in the United States, transportation paid.

Holders of five \$10 shares of the Capital Stock, in addition to participating in the profits, will receive one copy of the Mercantile Reference Register free of charge; holders of ten shares will be entitled to two copies; and no more than ten shares of the Capital Stock will be allotted to any one applicant.

All remittances, orders, or communications relative to the book, should be addressed to the Merchants' Protective Union, in the American Exchange Bank Building, No. 125 Broadway, (Box 2566), New York.

SHINGLES!
THE undersigned is now manufacturing a number one article, at his old stand, at the lower end of the river bank, below the Ut Shingle Mill. All persons in want of shingles, will do well to give me a call before going elsewhere, as they can make a better bargain with me than with other persons, both in quality and quantity, as I put up from 50 to 100 shingles in a bunch more than any other manufacturer. I will exchange shingles for all kinds of grain, and give the market price for the same. Load up, and come on.
My shingles are always kept for sale by A. D. Beeler & Sons, at their Lumber Yard, and by A. C. Mills, on the Levee.

J. S. SPRINGER & BROTHER.
White Cloud, May 27, 1889-17.

Many years ago, the writer of these lines and an invalid physician, while visiting the Island of St. Croix for their health, experienced and witnessed many surprising and beneficial effects of the Balm there produced upon many of the invalids who were (like ourselves) seeking health; and, upon inquiry and investigation, obtained a full history of its medicinal virtues. He was delighted and surprised, and after his own recovery, which soon occurred, determined, if possible, to procure the sole right to manufacture and sell it in the United States.
The result of his labors was a glorious success for himself and suffering humanity, for the celebrated PLANTATION BITTERS was thus made known to the world. PLANTATION BITTERS being an article of real merit, founded upon new principles, and relying wholly upon the vegetable world for its medicinal effects, worked a rapid revolution in the history of medicine, and became a household word all over the civilized world. The celebrated S. T.—1860—X was a tallman of health, and the demand for the PLANTATION BITTERS soon far exceeded the abilities of the proprietors to supply. Notwithstanding the large importation of St. Croix Balm, made expressly for the compounding of these Bitters, the quantity was inadequate. It therefore became necessary that arrangements upon an extensive scale should at once be made, and an agent was dispatched to St. Thomas for that purpose. He was fortunate in securing and leasing several plantations on some of the largest and most productive estates on the Island. Houses, stables and process were erected as if by magic, which utterly astonished the natives. The services of experienced men and natives of the Island were procured, and very soon the proprietors of the PLANTATION BITTERS were in a position to supply their laboratory with all the perfectly pure St. Croix Balm needed in manufacturing the GREAT DYSPEPTIC TONIC AND INVIGORATOR. The above out represents the natives crushing the sugar-cane and otherwise preparing it for the stills and presses. As an antidote to Fever and Ague, Intermittent and Malarious Fevers, Dyspepsia, and other kindred diseases, the use of the PLANTATION BITTERS is unsurpassed in the history of the world. Over five million bottles are disposed of annually. They are adapted to old and young, male and female. They are agreeable in taste, and always produce an immediate beneficial result.
